4. Detailed description of work to be performed and duties of all parties:
 - A. Contractor shall arrange a mutually agreeable trash schedule with the Maintenance Station Supervisor upon approval of the contract. Approximately 3,600 tons of trash, debris and sweeper pilings are to be hauled per year from this location. Based on the above trash quantity, it is estimated that approximately 1200 loads will be picked up during the 36-month period of this contract.

EXHIBIT A
Standard Agreement

- B. Trash and debris will consist of combustible and non-combustible materials, including tree trimmings, sweepings, tree stumps and a minimal amount of dirt collected from the freeways.
- C. Contractor shall furnish two (2) 40-cubic yard roll-off type bins and one (1) 10-cubic yard (low-boy) roll-off type bin in good condition and suitable for disposing of trash and debris, collected from the freeways and State highway rights-of-way.
- D. Requests for additional bins if any, shall be paid for at the rate bid and shall be covered by the provisions of this contract.
- E. During the course of this contract, there will be an intermittent need to haul green waste, concrete, dirt and rock. Large amounts of dirt, concrete and rock shall be placed in the 10-cubic yard roll-off bin only. The Contract Manager will contact the Contractor when there is a sufficient amount of green waste, dirt, concrete or rock to haul away. When there is a significant amount of green waste, dirt or concrete the State will separate the trash into these three categories.
- F. Contractor will pick up only full containers upon request (on-call). If additional recurrent pick-ups are required, a schedule shall be developed between the Contract Manager and the Contractor. Trash placed in any container is not to exceed beyond six inches below the top of any container. In the event of overloading of bins by Caltrans in excess of the legal limit of nine (9) tons, the state will reimburse the Contractor for the overage charged at the dumpsite with no mark up. Current rate at the County Sanitation Districts of Los Angeles is \$22.65 per ton. A copy of the refuse disposal receipt issued by the dumpsite detailing both weight and per ton fees must be submitted along with claim for reimbursement when overloading has occurred, that is not the fault of the Contractor. These disposal receipts will be used to substantiate the amount reimbursed to the Contractor.
- H. Trash pick-ups will occur on weekdays between 7:00 a.m. and 4:00 p.m. except on State observed holidays. No trash shall be removed on designated legal holidays. When a designated legal holiday falls on a Sunday, then the following Monday shall be designated a legal holiday. Should a State holiday prevent a scheduled pick-up, the Contractor shall provide service the next working day.

EXHIBIT A
Standard Agreement

- I. When removing the trash bins, any litter strewn in the area during the process of removal shall be picked up by the Contractor, and the area shall be left in a clean and orderly condition. - J. Transportation of trash and debris shall be in compliance with all laws and regulations of the State of California. The State will not be responsible of any mishandling and/or any unlawful acts that the Contractor or its workers might perform or violate in the performance of this contract. Trash and debris shall be disposed of in a legal manner.
- K. No hazardous waste or materials will be removed or handled by the Contractor. The Contractor shall notify the Contract Manager of any hazardous materials immediately upon discovery. The State will not be held liable for any hazardous materials or waste that may be picked up at an unauthorized location along the route of the Contractor.
- L. The Contractor shall take all necessary precautions to prevent injury or hazard to State employees, or visitors, and shall avoid causing unreasonable inconvenience to any person doing business on State property.
- M. The Contractor shall conduct operations in such a manner as to avoid damage to State property or adjacent property. If any such property is damaged by reason of the Contractor's operations, it shall be replaced or restored at the Contractor's expense and to the satisfaction of the State's Contract Manager.
- N. The Contractor shall begin work upon notification by the Contract Manager, or the person authorized by the Contract Manager. Failure to begin work or to prosecute the work diligently shall be considered grounds for termination of the contract.
- O. A pick-up "ticket" must be signed by the Contract Manager (or authorized designee) for all pick-ups. If no one is available to sign the ticket, the ticket must be faxed for signature with the identical information as soon as possible after the pick-up; these tickets can be faxed to (562) 692-1409 to the attention of the Contract Manager. These tickets are to be included with all invoices for verification of pick-up.
- P. Frequencies of pick-ups are to be adjusted at the request of the Contract Manager.
